EXECUTIVE ORDER No. 177

WHEREAS, In my 1986 and 1987 State-of-the-State Addresses, I challenged the University of Medicine and Dentistry to become one of the nation's top 25 academic health sciences centers; and

WHEREAS, It is the public policy of this State that the University of Medicine and Dentistry of New Jersey provide programs of medical and dental education in the most economical and efficient manner and with a high degree of self-government; and

WHEREAS, Like successful academic health sciences centers in other states, the University of Medicine and Dentistry of New Jersey must develop strong partnerships with other health care organizations, research institutions and private corporations in order to meet my challenge with limited resources in a competitive environment; and

WHEREAS, The laws governing the University's operations are not clear concerning the provision of corporate flexibility required for the University to fully and competitively participate in such partnerships; and

WHEREAS, A solution to this issue must be found if the University is to become one of the nation's top 25 academic health centers;

NOW, THEREFORE, I, Thomas H. Kean, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and statutes of this State, do hereby ORDER and DIRECT:
